

ANKIT KUMAR SINGH

Gurugram, India — mrankitsingh4@gmail.com — +91-9693198670

GitHub — LinkedIn

SUMMARY

MERN Stack Developer and AI Workflow Builder focus on scalable web applications, automation systems, and frontend engineering. Experienced with React.js, Node.js, MongoDB, REST APIs, and AI-driven workflow automation using n8n, AI Agents, and webhooks. Passionate about building production-ready systems that improve efficiency through intelligent automation.

EXPERIENCE

Front-End Developer & Platform QA

Skill bloomer, Gurugram

June 2025 - Present

- Built and integrated scalable front-end and MERN stack modules for responsive, production-ready web applications.
 - Identified, documented, and triaged 100+ functional, routing, and UI/UX bugs across core LMS modules including Webinars, Courses, Batches, and Authentication.
 - Audited critical real-time workflows including WebRTC live-session stream stability, host/co-instructor recording permissions, and dynamic profile verification routing.
 - Designed AI-driven automation workflows using n8n, AI Agents, and webhooks to automate repetitive operational tasks and dynamic event metadata generation.
 - Collaborated closely with core engineering using Git/GitHub to isolate reproducible edge cases and verify staging and production deployments.
-

PROJECTS

LinkedIn Auto Comment Bot

n8n, AI Agents, Webhooks

- Developed an AI-powered automation workflow that extracts LinkedIn post content and generates context-aware comments.
- Automated end-to-end engagement workflows while maintaining relevant and authentic responses.

Responsive HTML Email Templates

HTML, CSS, Responsive Design

- Designed and developed custom, fully responsive HTML email templates for transactional and promotional communications across mobile and desktop devices.
- Ensured high deliverability and cross-client compatibility (Gmail, Outlook, Apple Mail) by utilizing robust table-based layouts and inline CSS optimizations.
- Integrated dynamic data placeholders within the templates to allow for personalized content delivery through backend automation workflows.

Employee Management System

JavaScript, Java, MySQL

- Built a CRUD-based employee management system with authentication and attendance tracking features.
 - Managed employee records and event workflows using structured database operations.
-

SKILLS

Languages & Frameworks: JavaScript, React.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS
Automation & AI: n8n Workflow Automation, AI Agents, Advanced AI Nodes, Webhooks
QA & Platform Testing: Functional Testing, UI/UX Auditing, Bug Tracking & Triaging, Root Cause Analysis, Regression Testing
Databases: MongoDB, MySQL
Tools: Git, GitHub, VS Code, REST APIs, AJAX

EDUCATION

Institute of Technology and Management	2024
B.Tech in Computer Science Engineering	70%
BSEB, Patna	2019
12th Standard (Mathematics)	57%
JAC Board, Ranchi	2016
10th Standard	74%

STRENGTHS

- Strong problem-solving and analytical thinking
 - Adaptive quick learner with the ability to adapt to new technologies
 - Experience building scalable MERN applications and AI automation workflows
 - Team player with excellent communication and collaboration skills
 - Self-motivated, responsible, and committed to continuous learning
 - Passionate about clean code, performance optimization, and software engineering best practices
-

PERSONAL PROFILE

Name: ANKIT KUMAR SINGH
Father's Name: Mr. OMPRAKASH SINGH
Date of Birth: 18 February 1999
Marital Status: Single
Nationality: Indian
Languages Known: Hindi, English
Permanent Address: H. No. 65, Village Chaura, Godda, Jharkhand - 814160

DECLARATION

I hereby declare that all the information provided above is true and correct to the best of my knowledge and belief. I am committed to performing my duties with honesty, integrity, professionalism, and dedication.
